

## **Bristol Orienteering Klub (BOK)**

### **Code of Conduct for Parents/Carers**

Parents/carers should:

- Support children's involvement and help them to enjoy orienteering.
- Encourage child(ren) to be aware of the Klub's Code of Conduct for Juniors, to learn the rules of orienteering, and to compete within them.
- Help child(ren) recognise good performance, not just results.
- Encourage 'fair play' by, for example, not arguing with officials or complaining about the map, course planning or control placement (other than through official channels).
- Respect owners' land, and other users, and not enter out of bounds areas.
- Use appropriate language at all times.
